

How to install your xKu LNBF.

In just a few easy steps, install your new LNBF and get access to up to 140 more channels.¹

At any time, you can contact Shaw Direct support for help. Visit shawdirect.ca/chat or call **1-888-554-7827**. Business customers should call **1-866-782-7345**.

What you'll need

Phillips No. 2 screwdriver

7/16 wrench

(May be needed to loosen cables)

What's in the box

xKu LNBF
(Low-Noise Block Feed)

LNBF cap

Cable clips
(Not required)

Installation Instructions

Approximate installation time: 20 minutes.

1. Removing the LNBF

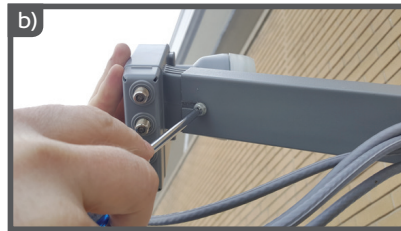

Please handle your satellite dish with care to ensure alignment with our satellites.

- Slide down the LNBF cap to expose the attached cables.
- Disconnect each cable from the LNBF port. Afterwards, remove and discard the LNBF cap.
- Check underneath the arm attached to the LNBF for a screw. Loosen the screw just enough with your screwdriver so you can slide out the LNBF.

2. Hooking up your new xKu LNBF

- a) Slide the new LNBF onto the arm of the satellite dish.
- b) Re-tighten the screw underneath the arm. Do not over-tighten.
- c) Slide each cable through the new LNBF cap.
- d) Reconnect each cable to a port at the bottom of the new LNBF. With your wrench, ensure each cable is tightly connected.
- e) Slide the LNBF cap up to cover the cables.

3. Activating your new LNBF

- a) Check to see if your new LNBF is working. Go to Channel 741 on your TV and make sure you have both picture and sound.
- b) Contact Shaw Direct to enable access to all your current and new channels. Visit shawdirect.ca/chat or call **1-888-554-7827**. Business customers should call **1-866-782-7345**.
